Re: VITL Quarterly Update through December 2022

---

The VITL team is submitting our Quarterly Update for your review. The package we are submitting includes two pieces:

- A presentation we will use at the meeting on February 22<sup>nd</sup>; and
- VITL's Quarterly Update slides

This package is in addition to the Fiscal Year 2023 Budget Amendment and Year to Date Financials that were submitted on February 10<sup>th</sup> for your consideration, and which we'll present on February 22<sup>nd</sup>.

The first document is the presentation materials we will review at the February 22<sup>nd</sup> meeting, which are:

- An brief overview of VITL and the Vermont Health Information Exchange, which we hope provides context for the presentation
- VITL's updated Fiscal Year 2023 Budget for consideration
- An update about public education activities
- Metrics that provide a snapshot of VITL's work

Also attached is our Quarterly Update, which includes updates about our annual report, our key projects, and the quarterly metrics. We will not walk through the project updates at the meeting, though we are always happy to answer any questions you may have.

We look forward to the discussion on the 22<sup>nd</sup>. Please do not hesitate to let us know if you have any questions prior to the presentation.
