# Program Highlights

# Program Highlights for work completed through the end of June 2023

- Vermont Department of Health Immunization Registry Query and Response Service
  - VDH enhanced the query capability with the addition of forecasting, so that providers can now access both what immunizations patients have received previously and what future immunizations are recommended directly in their electronic health record (EHR)
  - VDH built a staging environment to support ongoing testing
  - VITL onboarded a second EHR vendor and a primary care practice
- 42 CFR Part 2 (substance use disorder) Data Integration
  - The VITL team worked with 11 Designated Agencies to ingest 42 CFR Part 2 sensitive data into the VHIE test environment, where it is stored and protected in a separate repository.
- Social Determinants of Health (SDOH) Data Integration
  - VITL worked with the Vermont Chronic Care Initiative (VCCI) to finalize requirements for ingesting two Agency of Human Services (AHS) SDOH surveys in FY24 – the New to Medicaid survey and the eligibility screening survey
- VITL conducted pilot stakeholder engagement sessions on the topic of VITL's reporting capabilities and health care organizations' data needs

# Patient Education

# Data Sharing Patient Education Campaign

- VITL continues its commitment to providing Vermonters with opportunities to understand how their data is shared through the Vermont Health Information Exchange. This includes [supporting provider-to-patient education](#) and regularly delivering messages direct to Vermonters.
- VITL's most recent education campaign ran in June in Vermont news outlets in print and online, and on social media including Facebook, LinkedIn, and YouTube.
- Messages aimed to match the clarity and accessibility of past educational advertising, with bolder statements and more frequent appearance to generate attention and awareness.
- All ads linked to [additional educational content](#) about how health data is shared and why, and directions for how to opt-out, request your record, or request an audit of access
- Examples appear on the next two slides
- VITL will launch a new round of educational advertising in the fall

## VITL shares health data to keep Vermonters healthy.

We deliver secure, trusted health data for Vermonters every day.

### Four things to know:

- 1 VITL keeps your health records from across the state in one secure place.
- 2 After a visit with your doctor, an electronic record may be sent to us.
- 3 When your doctors are on the same page, it means better care for you.
- 4 You have options. You can opt out of having your health records shared.

## Revenue

YTD revenue is \$8.1 million, which is about \$2 million below the approved budget. The difference is largely due to shifts in the timing and priority of projects:

- Approximately \$1 million of revenue deferred from the prior contract and anticipated to be recognized in FY23 is now budgeted to be recognized in FY24; and
- The remaining revenue was associated with projects that were intended to be completed in FY23, but due to reprioritization of projects were shifted to complete in FY24.

## Expenses

YTD expenses are \$7.3 million, which is \$2.5 million less than budgeted:

- About \$300,000 relates to Personnel Costs, which are tracking behind budget due to vacant positions; and
- The largest drivers of the budget variance in non-personnel expenses are Software and Outside Support, which combined are about \$1.6 million less than budgeted. This is largely due to the reprioritization of projects, mentioned above, and the associated costs being delayed to FY24.

# Balance Sheet

As of May 31, 2023

<b>ASSETS</b>	
<b>Current Assets</b>	
Cash	7,013,486
Billed Receivable	25,573
Unbilled Receivable	1,304,177
Unfulfilled Contract Costs	63,385
Other Current Assets	<u>162,416</u>
	8,569,037
<b>Non Current Assets</b>	
Fixed Assets	328,393
Accumulated Depreciation	-291,750
Other Non Current Assets	<u>3,510</u>
	40,153
<b>Total Assets</b>	<b><u>8,609,190</u></b>
<b>LIABILITIES &amp; EQUITY</b>	
<b>Current Liabilities</b>

	2,157,877
<b>Retained Earnings</b>	
Retained Earnings	6,451,313
<b>Total Liabilities &amp; Equity</b>	<b><u>8,609,190</u></b>

The Balance Sheet remains in a strong position with cash of more than \$7 million.

After considering deferred revenue and the approved plan to invest \$650,000 in developing a message archive and \$175,000 in the Rhapsody engine, VITL has approximately 5.5 months of free cash on hand.

Billed and Unbilled Receivables total just over \$1.3 million, primarily representing revenue earned in April and May.

Accounts Payable sits at about \$680,000, or close to one and half months of actual non-personnel operating expenses.

Deferred Revenue is about \$1 million at the end of May. We expect to recognize this in FY24.
