Re: SVMC Dental Home Project – Adherence to Facilities Guidelines Institute

This correspondence is to verify that Southwestern Vermont Health Care will be working with Henry Schein Dental and Design along with local contractors to construct a design facility in accordance with the Guidelines for Design and Construction of Health Care Facilities as issued by the Facilities Guidelines Institute (FGI), 2014 Edition 3.14 and the construction documents associated with the Dental Home project.

Sincerely,

William Hall
Director of Engineering
Southwestern Vermont Medical Center
