RE: Consideration of confidentiality for the three pages containing calculation assumptions

Dear Ms. Jerry,

Based on CON rule 4.302, we request consideration of confidentiality for the three pages containing calculation assumptions for the proposed new scope of business in VT for Optioncare. We request that our anticipated business growth and particularly the calculated expenses contained in the assumption pages associated with that business (cost of drug, cost of supplies, and cost of labor) remain confidential in order to maintain our confidentiality agreements with our manufacturing partners as well as our employees.

I thank you for considering our request.

Sincerely,
