

Policy Number & Title:	02-03 BCBSVT Primary Attribution & Payment Methodology
Responsible Department/s:	Finance
Author:	Tom Borys
Date Implemented:	01-01-2019
Date Reviewed/Revised:	06-06-2019
Next Review Date:	03-31-2020

Purpose: To outline the payment and attribution methodology for the 2019 Blue Cross and Blue Shield of Vermont (BCBSVT) Primary Population Health Management Program (BCBSVT Primary).

Scope: This policy is applicable to all network providers participating in the BCBSVT Primary Program.

Definitions:

Primary Care Service is defined in Exhibit A of the BCBSVT Commercial Next Generation ACO Program Agreement.

Policy:

1. Population Segmentation

- a. OneCare will segment the attributed population into two cohorts:
 - i. Those Actively Engaged in primary care as defined by having a qualifying Primary Care Service between May 1, 2018 and April 30, 2019.
 - ii. Those not actively engaged in primary care which will include all attributed lives not being defined as Actively Engaged.

2. Payments

- a. OneCare will distribute payment to participating providers as follows:
 - i. For those Actively Engaged, OneCare will pay the attributing provider's TIN \$3.25 per attributed life per month (PMPM). Attribution will be determined using the same methodology outlined in Exhibit A of the BCBSVT Commercial Next Generation ACO Program.
 - ii. For those not Actively Engaged, OneCare will pay a \$100 per member per year (PMPY) payment to the first provider participating in the BCBSVT Primary Program that delivers a qualifying Primary Care Service within the Performance Year. If the provider that delivers the qualifying Primary Care Service is not the attributing provider, the patient will be re-aligned.
- b. Payments to the network are dependent on timely and accurate payments and data from BCBSVT to OneCare.
